Snow Angels

Our Snow Angels program is seeing an increase in requests from seniors and community members with mobility challenges — and we need your help to finish the winter season strong! We provide the shovels; you provide the helping hands. Youth volunteers are especially encouraged to join — prizes are available, and volunteer reference letters can be provided for junior high and high school students. Let's work together to keep our community safe and supported this winter! 780-920-1681
